## New Purchases

One large lot contained in 36 banker's boxes is adding some interest and spice daily to the new offerings in the store. A purchase from Northern Ontario added some interesting postal history (and there is more to come from this source). From Quebec comes a large offering of full sheets, unfolded and with full imprints. From PEI we received 34 cartons and most of that has been integrated into our stock. From Nova Scotia comes a classic cover with Canada #2 and a collection of Official Plate blocks. The most recent arrivals from England include interesting collections selected for postmarks with hundreds of Large and Small Queens. Here is a sample from the English purchases:

## Sparks Auctions

The next Sparks Auctions will be held April 8, 9, and 10. We invite you to visit our website [www.sparks-auctions.com](http://www.sparks-auctions.com) where you can see more text as background, and more images or [stampauctionnetwork.com](http://stampauctionnetwork.com) from which site you can bid online from the comfort of your home or office.

Public viewing of the auction lots takes place on Saturday March 29, Saturday April 5, Monday April 7 from 10:00 to 5:00 and on Tuesday April 8 from 10:00 to 12:00 and Thursday April 10 from 9:00 to 12:00.

We plan our next auction for a date in June. And the good news there is still time to consign a collection or single items. Sparks will be pleased to hear from you to discuss the professional manner in which we can offer your property.
